

HOW TO MAKE YOUR OWN #THEBUILDPROJECT FUNDRAISING BUCKET

STEPS:

1. Find or buy a bucket. Any bucket will do. We used 2 Gallon Orange Buckets.
2. Cut a hole in the lid. Just large enough to fit bills and change. Don't want people reaching in and stealing your cash.
3. Download **#THEBUILDPROJECT** sticker artwork below.
4. Buy Sticker paper for your printer at your local office supply store or just use glue or spray adhesive to attach stickers to your bucket.
5. Where you get donations is up to you, at your local shop, coffee shop, skate park or outside the local liquor store. Anything Goes.

Please keep us up to date / in the loop with your efforts so we can help where we can.

This does not have to ever stop.

Thank you for being a part of The Build Project and your support of DLX!
